# ROWLAND REVIEW

Until I Belong In My Soul

**THE BLUE JEMZ/ BLUE MOON ISSUE: BECAUSE MAYBE BLUE MOONS ARE FOR SADNESS BUT FOR EVERY SADNESS THERE IS AN EQUAL AND OPPOSITE JOY (it might even be bigger) AND THIS MONTH THERE IS A GLAD MOON RISING. IF this whole thing sounds like Im tripping, that's because I am, but Im trying to make sense even so. I just have to go slow. Its part of the snowy volcano which makes more sense now than b**

The moon is if I understand Jah correctly not so much "some warlock shit" as someone said in the chat, as it is Some Guadalupe shine, unless you think Juan diego is a warlock, which is dependent on how you think about warlocks but in the Catholic church the Diego miracle is huge. This whole thing about the zodiac being tattooed on the cloak of the virgen along with the landscape of what is now Mexico city, is part of this month's Realist Review.

Mexicans whom I know are very aware of the moon and consequently , I picked up on that habit. Who saw the moon rise last night all orange and getting higher and whiter all night? Somehow it was so peaceful, the trip just keeps getting stronger, and hijacks everything in its path. The trip which has been all around, turned it up a notch which -is that even possible? It seems it is. I woke up early even though Sunday. the moon was setting.

## HOW FAR IS HEAVEN? (LOS LONELY BOYS)

THERE ARE THREE LONELY BOYS AND SO IT GOES WELL HERE IN THIS SIDEBAR. OBVIOUSLY THIS IS JUST A TEMPLATE BUT YOU COULD IMAGINE THAT GIRL TRYING TO GET TO HEAVEN UNDER HER OWN POWER, WHEREAS THE SKATERS ROSE ON THE WINGS OF THE SPIRIT AND GOT THERE MORE eAsily.

## Music and the moon trip

But the trip really started last Sunday with diego and the Virgen with the roses, which is also where the idea for the Maserati with roses came to my mind. And also roses are sick. So that week, was dinner with lloyd which always makes me really happy (and Manna from heaven and the Moon looks like the eucharist- all that stuff there if you wish.). it's like Couple two tree, you get used to it, then you rely on it for happiness and grace. And then the next day right around three pm which is the hour Jah died, (if you believe) I happened to tune in and dj leslie said RIP blue gemz

and also Bep said LLOYD was sad, due to his friend dying so I tried to key in on his friend and found out he was really cool. Thus I asked BJ to send the spirit of Grace to heal Lloyd and let him know BJ was there still. So that Sunday after the Rasta hour, which is the PR dj which again is holy, and then CTT came on and the healing idea was in the air and CTT was playing songs about it, so I was looking for that HEALING TIME Gif so Blue Jemz would remember to send the spirit to Lloyd. Instead as I said, I slid into this galaxy myself, I figured it was BJ letting me know he got the message but the trip is like all encompassing rn.
